Professional Summary

As a B-tech undergraduate, I am eager to begin my career in the technology sector and utilize the skills and knowledge I have gained through my studies. I am seeking a challenging and dynamic role where I can contribute to the development of innovative solutions and continuously learn and grow as a professional

Education

Pursuing B-tech in Computer Science

IKG Punjab Technical University

2022-2026

6.87 CGPA

12th

2022 (77%)

10th

2020 (75%)

Project :-

1.Gemini 2.0.

I Developed a Gemini2.0 AI clone with advanced conversational capabilities and an intuitive user interface. Focused on natural language processing (NLP) to enhance user interactions. Integrated features like real-time responses, contextual understanding, and a sleek design for an engaging user experience.

2.Spotify Clone .

I Developed a Spotify-inspired music streaming app with a sleek and responsive UI. Integrated key features such as music playback, playlist creation, search functionality, and user authentication. Focused on delivering a smooth user experience with an intuitive design and seamless navigation.
